## Professional Summary

---

Detail-oriented and analytical aspiring Data Analyst with strong skills in Excel, SQL, Python, and Power BI. Proficient in data cleaning, visualization, and statistical analysis with hands-on project experience in creating dashboards and extracting insights from complex datasets. Strong problem-solving ability with a passion for turning raw data into actionable business solutions.

## Skills

---

**Data Analysis & Visualization:** Excel, Power BI, Tableau, Matplotlib, Seaborn

**Programming & Scripting:** Python (Pandas, NumPy, Scikit-learn), SQL

**Database Management:** MySQL

**Automation & ETL:** Power Query, Python Automation

## Education

---

**BCA – SVES B.R. Darur First Grade College, Harugeri**

8.25/10 CGPA (2024–2026)

**PUC – Terdal Science PU College, Athani**

78.6% (2022–2023)

**SSLC – GHS Devaradderahatti**

87.36% (2020–2021)

## Projects

---

### Call Center Report (Excel Project)

*Description:* Created a complete call center report in Excel to analyze customer interactions and agent performance. The report captures and visualizes key metrics such as call volume, revenue generated, call duration, and customer demographics.

*Key Features:*

- Call Counter & Total Calls – Tracks number of calls handled per day/agent.
- Amount – Summarizes revenue/charges associated with calls.
- Average Call Duration – Highlights efficiency and service quality.
- Gender Analysis – Breaks down calls by Male vs. Female customers.
- Dashboards & Visuals – Pivot tables, slicers, and charts for quick insights.

## Certifications

---

- SQL for Data Analyst – Simplilearn
- AWS Completion Certificate – Simplilearn
- Hackathon Participation Certificate – Shivamogga
